

Jiarong (Bill) Lu

226-989-5986 · j94lu@uwaterloo.ca

RELEVANT SKILL

Language: TypeScript, JavaScript, C, C++, Python, HTML/CSS VHDL, Lean, SQL (PostgreSQL), JSX/TSX, Bash/Shell scripting
Frameworks & Libraries: Frontend: React 18, React Native, Tailwind CSS, Radix UI, React Router, Backend: Node.js, Express.js, Drizzle ORM, TanStack React Query, AI/ML: OpenAI GPT API (including GPT-5), Dify, Ollama, Open WebUI
Databases: PostgreSQL (schema design, complex queries, optimization), RESTful API integration
Tools: VS Code, GitHub, Docker, STM32CubeIDE, WordPress, OBS, VMIX, Premiere Pro, After Effects, Photoshop, DaVinci Resolve, Adobe Audition, Logic Pro, Autodesk Inventor, CAD, Unreal Engine

EXPERIENCE

Glory Media

Software developer

Ontario, Canada
Aug 2025 - Present

- Built a full-stack TypeScript application with session-based authentication, RESTful APIs, and a cross-platform React Native mobile app
- Developed a comprehensive social networking and marketplace platform with 5 core modules (Marketplace, Media, Social, Events, User Management) using React, TypeScript, Express.js, and PostgreSQL
- Architected a scalable database system with 15+ interconnected tables using Drizzle ORM and PostgreSQL, supporting complex user interactions and business logic
- Developed responsive React applications with TypeScript, Tailwind CSS, and Radix UI components, featuring mobile-optimized design and cross-platform compatibility
- Implemented advanced state management using TanStack React Query for server state, with intelligent caching strategies and real-time data synchronization
- Developed a comprehensive RESTful API with 50+ endpoints supporting CRUD operations, authentication, file uploads, and complex business logic
- Implemented secure authentication system with session management, bcrypt password hashing, and role-based access control

Bopoda Technology Co., Ltd

Student Intern

Shanghai, China
July 2023 - Aug 2023

- Created 20 user guide videos for broadcasting platforms using Premiere Pro.
- Learned streaming technologies (OBS, VMIX) and the application of ChatGPT or relevant technologies in real-world business.

PROJECTS

BridgeNet – Education and Networking Platform

Remote | Jun 2025 - Aug 2025

- Architected and developed BridgeNet, a comprehensive AI-powered educational platform serving high school students, college students, and job seekers with React 18, TypeScript, Node.js, Express, and PostgreSQL
- Designed and implemented a scalable microservices architecture with 15+ RESTful API endpoints, JWT authentication, role-based access control, and comprehensive error handling middleware
- Built responsive frontend interface using React 18, TypeScript, Tailwind CSS, and React Router, featuring 18+ pages with modern UI/UX design and internationalization support
- Integrated OpenAI GPT-5 API to power intelligent university search, personalized recommendations, and AI tutoring system with context-aware responses and multi-curriculum support (IB, AP, A-Level, SAT, ACT)
- Developed AI-driven job matching system using GPT for resume analysis, skill extraction, and personalized job recommendations with compatibility scoring algorithms

We Accelerate project with Glory Media

Remote | Jun 2025 - Aug 2025

- Collaborated in a 6-person team to develop a strategic AI transformation plan for Glory Media, focusing on automating content workflows in digital publishing
- Proposed the adoption of workflow tools such as Dify for automating tasks, including news summarization, article drafting, and editorial support
- Delivered a comprehensive final report outlining implementation steps, risks, and potential ROI, tailored to Glory Media's existing digital infrastructure
- Created a step-by-step Dify usage guide to facilitate internal adoption by non-technical editorial staff

CERTIFICATIONS

Microsoft Certified: Azure AI Fundamentals
Issued Jun 2025

Microsoft Certified: Azure Fundamentals
Issued Jun 2025

EDUCATION

Candidate for Bachelor of Applied Science, University of Waterloo
Bachelor of Applied Science in Computer Engineering

Sept 2024 - Expected: June 2029

Shanghai Weiyu High School
IBDP (International Baccalaureate Diploma Programme)

Sept 2021 - June 2024
